

Ideas on how to thank your Child's Counselor!

Grazie

Merci

Our Volunteer's have taken time off of work and dedicated this time to go to camp with your child. They have been preparing and praying for months for your child and have given their time, talents and own personal finances to make this camp an amazing experience for your Child. They will be with your child from the time they get on the bus to the time they arrive back at the Church five days later. They are thrilled and excited to have this opportunity.

Here are a couple of ideas to say "Thanks":

- **Write them a letter at camp. (Send with your child's letters)**
- **Bring them a small gift of appreciation when they arrive home.**
- **Give them a huge "THANKS" when they arrive back at the church.**

These small gestures would be greatly appreciated by your child's Counselor and Junior Counselor!
